

Private Equity Internship – OnPoint Investors

OnPoint Investors

OnPoint Investors is an independent private equity firm backed by entrepreneurs and family offices. We partner with ambitious Belgian SMEs with EBITDA between €1m and €5m, where access to expertise and growth capital can unlock new opportunities.

Our approach is hands-on, long-term and collaborative. We aim to be a trusted sounding board and offer dedicated operational and M&A support. In operating a highly focused portfolio, we commit significant time and tailored capital to each investment, supporting Buy&Build and growth initiatives.

Internship description

At OnPoint Investors, we offer motivated and ambitious students the opportunity to gain practical experience in private equity through a flexible internship. The position is remote and can be part-time, allowing it to be combined with studies.

As an intern, you will work closely with the investment team and be actively involved in deal sourcing, execution, and portfolio management. You will gain exposure to the full investment cycle, from initial screening to post-acquisition value creation.

Key tasks and responsibilities include:

- Analysing potential acquisition targets
- Conducting market, industry, and competitor research
- Preparing investment memoranda and presentations
- Building and maintaining financial models
- Assisting in strategic and operational projects for portfolio companies

What we are looking for

- Master's student in business, economics, engineering, or a related field
- Prior experience in consulting, investment banking, or private equity is preferred but not essential
- Strong business acumen with ability to quickly understand complex industries and business models
- Excellent analytical and numerical skills
- High attention to detail and quality
- Self-starter with the ability to work independently
- Fluency in English required; proficiency in Dutch or French considered a plus

What we offer

- Direct exposure to the private equity investment process
- Opportunity to work on real transactions and portfolio projects
- Close collaboration with experienced investors and entrepreneurs
- Flexible working arrangement (remote and part-time possible)
- Steep learning curve in a dynamic, entrepreneurial environment
